Installation Savings

Your customers are our focus just as much as they are yours. Our engineering team takes the time during development to ensure our installation process is easy, saving on installation errors, time, and labor costs. Try our savings calculator to see the estimated savings for yourself!

The results provided by the online installation estimator are for informational purposes based on installation of our Aria Glassboards and Flyte Duo Double-Sided Whiteboard and may not reflect the exact costs or requirements for your specific project. Actual installation costs of Aria Glassboards and Flyte Duo Whiteboards and timelines may vary based on factors such as location, materials, and site conditions; consult a professional for accurate estimates.

*One (1) person required to install hanging brackets and one (1) additional person required to lift board on to wall.
